

BLESSMAN MINISTRIES

THE NEED

UNAIDS reports that nearly 1,000 children are orphaned due to AIDS in South Africa each day. As you can see the need is great among South African children. In most cases they don't know where their next meal will come from or where they will sleep tonight. The children have grown up knowing only the devastation of AIDS and the feeling of hunger. At Blessman Ministries it is our desire to reach out to these children through our Orphan Care Program and forever change their lives, with the help of people like you. Our Orphan Care Program gives South African children a chance to grow up in a healthy, nurturing environment and to discover the love of Christ.

MEETING THE NEED

For as little as \$45.00 a month you can support a child in the Blessman Ministries Orphan Care Village. With your sponsorship we will provide the child with food, housing, medical care, an education, life skills to give them sustainability, and a lasting knowledge of Jesus Christ. We will provide a caregiver that will be on-site to watch over the children and care for them. You will receive pictures and updates from your sponsored child and will have the opportunity to stay in contact with them through letters. You may have the desire to visit with your sponsored child through a Blessman Ministries trip to South Africa. To find more information about our Orphan Care Program please visit our website at, www.BlessmanMinistries.org.
